

All-Natural Zyfund® A Provides Digestive Health Support With No Egg Discard!

- ◆ Zyfund A is a proprietary, all-natural supplement developed for use in poultry of all ages during feed changes, stress, environmental changes or other events to help maintain normal digestive health.
 - ◆ Is a nutritional source of :
 - ◆ Enzyme extracts (aid in digestion in the gut)
 - ◆ Yucca Schidigera (flavor)
 - ◆ Essential Oils (flavor)
 - ◆ Lemon
 - ◆ Grapefruit
 - ◆ Fennel
 - ◆ Anise
- ◆ Administer 6 drops per gallon of fresh water for 1 week for each event. May be used monthly or as needed throughout the year.
- ◆ Unlike other digestive support products used in poultry that may require you to discard eggs, you may continue to eat the eggs when using Zyfund A.
- ◆ Currently used successfully in commercial organic and natural certified layer flocks across the United States.
- ◆ Zyfund A is a safe, natural way to support digestive health and help you meet your goal to produce wholesome food for your family.
- ◆ For additional information visit our website or call our office.
