ADAPTARAP

Adaptarap is a dissolvable footwrap that offers a unique feel like plastic, however the non-elastic nature ensures a fit without increasing the risk of pressure on the wounds. The footwrap dissolves between two and five days of application, although the amount of moisture will determine the speed at which it dissolves.

POLYDOME CALF WARMER

The PolyDome Calf Warmer provides a comfortable environment for newborn calves for the first few hours after birth. The top section is hinged, and removable, for calf entry. The floor is raised and slotted for easy heat circulation of the entire unit. There is a vent/peep hole on one end for proper ventilation and viewing the calf without opening the unit. The bottom is ribbed, and the front rounded, for easy transportation. The front is molded to accept an optional steel hitch for towing.

#15951

POLYPRO SNOW PUSHER

This snow shovel has a 26" ribbed poly D-grip blade with a 45" steel tubular handle. Ergonomic and lightweight, this snow pusher makes the work easier so you last longer. Designed for intense, continuous use with a strong handle that is moisture resistant.

#22455

FLOATING PLASTIC TANK DE-ICER

Keep your stock tanks clear with convenience and ease using this robust tank de-icer that floats atop the water surface, preventing build-up during cold conditions. The thermostatically controlled unit uses 1250 watts.
