***Terms:** The Zoetis Cattle Biological and Parasiticide Rebate (the "Rebate") is available from 12:00:00 AM ET on 1/1/24 & ends at 11:59:59 PM ET on 12/31/24 ("Rebate Period"). Invoices must be dated during the Rebate Period to be eligible for a rebate. Cattle producers who are residents of the United States may participate. Leaders' Edge™ members and Strategic Contract Customers are not eligible. Producers who submit a qualifying proof of purchase (POP) receipt showing purchases of a minimum of one (1) qualifying Zoetis Cattle Biological product AND one (1) qualifying Zoetis Cattle Parasiticide product during the Rebate Period are eligible for a 10% rebate on the purchase price of the qualifying Cattle Biological and Cattle Parasiticide products.

For full terms and conditions and eligible products, visit **CattleRewards.com**.

DECTOMAX Injectable has a 35-day pre-slaughter withdrawal period. DECTOMAX Pour-On has a 45-day pre-slaughter withdrawal period. Do not use in female dairy cattle 20 months of age or older. Do not use in calves to be processed for veal. DECTOMAX has been developed specifically for cattle and/or swine. Use in dogs may result in fatalities. Consult your veterinarian for assistance in the diagnosis, treatment, and control of parasitism.

Cattle must not be slaughtered within 27 days after the last treatment with VALBAZEN. Do not use in female dairy cattle of breeding age. Do not administer to female cattle during the first 45 days of pregnancy or for 45 days after removal of bulls.

Zoetis Leaders' Edge™ members are not eligible to participate in any promotions through the Rebate Center and should consult their Zoetis representative for further information.
